Industry Updates

Rapid Development of Intra-city Rail Transportation Boosts the Aluminium Industry

China Zhongwang has successfully finished several tasks of the contract for six subway trains of Fuzhou Subway. With the industrial aluminium extrusion deep processing centre commencing production during 2013, the Group started to develop a range of product prototypes to capitalize on the light-weight development trend in the transportation sector with its competitive advantage of manufacturing intra-city rail transportation products.

About China Zhongwang Holdings Limited

China Zhongwang is the second largest industrial aluminium extrusion product developer and manufacturer in the world and the biggest one in Asia and China. It has, over the years, been focusing on the light-weight development of transportation, machinery and equipment and electric power engineering sectors through the provision of quality industrial aluminium extrusion products. It now has 93 globally advanced extrusion production lines, among which the 125MN oil-driven dual action extrusion press is currently one of the largest and most advanced of its kind in the world. In addition, to further leverage its existing strengths in the industry, the Group is developing high value-added aluminium flat rolled product business with an overall planned annual production capacity of 3 million tonnes. The project will be carried out in two phases. Phase I with a planned annual production capacity of 1.8 million tonnes will have two aluminium flat rolled production lines, the first one of which is expected to commence operation in the second half of 2015. By then, the Group will have initially achieved the goal of tapping the high-end aluminium flat rolled product sector to become our third core business complementary to and synergistic with the existing industrial aluminium extrusion product and deep-processed product businesses.

In an effort to maintain regular communication with our stakeholders, China Zhongwang makes use of regular e-Newsletter to keep you informed of our recent developments. If you would like to subscribe to this e-Newsletter, please send us an email to corpcomm@zhongwang.com using the subject "Subscribe". We will then add you to our distribution list.
